DEFENSE ECONOMICS WORKING GROUP

OFFICE OF SOVIET ANALYSIS

is hereby awarded the

MERITORIOUS UNIT CITATION

in recognition of the outstanding performance of its members from March to November 1982. Their extraordinary achievements during this period were directly responsible for the development of the military-economic data base which supported the Office's revision of the Intelligence Community's perception of Soviet defense activities. The Group's careful and methodical efforts produced a body of data with such a high degree of accuracy that, despite repeated challenges, this pathbreaking assessment was widely accepted by the highest levels of our Government and by our NATO allies. The professionalism, dedication, flexibility and endurance of the employees of the Defense Economics Working Group earned the respect of their customers and reflect credit on themselves and the Central Intelligence Agency.
